Natural Family Planning Class
July 23rd-29th is NFP Awareness Week!
Did you know NFP, or Natural Family Planning, is effective, scientific, and the only morally acceptable way for married couples to delay or avoid pregnancy? No other method of family planning respects God’s plan for marriage and human sexuality. Plus it’s great for your marriage and good for your health!

Married couples who use NFP have a divorce rate of only 2-5%, compared to the national divorce rate of 50%, which is the same for Catholic couples.

2017 Sessions:
July 28th 7:00-8:30pm at St. Anthony, Effingham
August 19th 10:00-11:30am at St. Isidore, Bishop Creek
September 23rd 2:30-4:00pm at St. Francis, Teutopolis
October 21st 1:30-3:00pm at St. Anthony, Effingham
November 11th 1:00-2:30pm at St. Isidore, Bishop Creek

If you’re interested in learning more about NFP or want to register for an Introductory Session, contact Kate Pruemer at 217-821-1840 or kpruemer@gmail.com. For more information about NFP methods taught throughout the diocese go to dio.org/familylife/nfp.html.

Pro-Life Corner

Clearly, a human being's life begins at fertilization. However, those who support abortion have “redefined” life's beginning so that more and more children are aborted without our knowledge or consent. Preborn children killed between the time of fertilization and the time of implantation are not recognized as abortions, simply through deceptive “definitions”.

Many people believe the frequently quoted figures for annual abortions are accurate. They are not. These figures account for only those preborn children killed annually by surgical abortion and the abortion pill. They do not include these pre-implantation chemical abortions caused by:
• Actions of the birth control pill
• Actions of IUDs and Depo-Provera
• Actions of morning-after pills (emergency contraception)
