Welcome
We extend a warm welcome to all our guests and visitors who have joined us at today’s liturgy. We hope that you feel at home here. Please let us know if we can be of any assistance while you are among us.
Padre’s point of view . . .

“Take this all of you and eat of it, for this is my Body which will be given up for you.” These words are the center of our Catholic faith. We are the only faith that confesses God became a man and gave up his own life to save all people. I am a big fan of Westerns and yesterday I was watching an old one. The head of the cattle drive was willing to do anything needed for the herd and for his men. He would even help settlers that came across their path and who needed food or wagon repair. His kindness stopped there. He was ruthless against thieves and indians. Our God gave His own blood for thieves, prostitutes, and corrupt judges. Would I be like the head of the cattle drive or like Jesus?

Human-Animal Chimera Research Unethical

Recently, the National Institutes of Health (NIH) announced that it will begin spending taxpayer dollars on the creation and manipulation of new beings: part-human and part-animal organisms known as chimeras. We're not talking about using a pig's heart valve to fix a human heart. Nor are we talking about growing human cancer tumors in mice to study disease processes. These non-controversial practices have been going on for decades and don't pose any serious ethical problems.

The research NIH plans to fund is fundamentally different and ethically problematic for several reasons. First, it relies on the killing of humans at the embryonic stage to harvest their stem cells. Second, it involves the production of animals that could have partly or wholly human brains. Third, it involves the production of animals that could have human sperm or eggs (with a stipulation that precautions are taken so such animals are not allowed to breed).

Catholic morality does not object in principle to the respectful use of animals in research that can benefit humanity. But because of the unique dignity of the human person, there are limits to what can morally be done along this line. (source: US Conference of Catholic Bishops)

We are uniting with people of faith across our nation to pray, fast, and serve for an end to abortion during the “40 Day Prayer Campaign for Life”.

St. Anthony High School and SAMBA will be following the yellow brick road presenting the musical, *The Wizard of Oz*, directed by Mrs. Denise Deters, Mrs. Nikki Quandt and Mrs. Cathy Zaccari and choreographed by Ms. Ilenia Hails, in St. Anthony High School Multi-Purpose Room on Friday, November 11th at 7:00pm; Saturday, November 12th at 7:00pm, and Sunday, November 13th at 2:00pm.

We will present the timeless tale of OZ. After a tornado whisks away a young Kansas farm girl, Dorothy, to the magical land of OZ, she starts her quest to find the mighty Wizard of Oz who has the power to send her home. Along the way she meets her new friends, a Scarecrow, a Tin Woodsman and a Cowardly Lion who help her on her journey. You cannot miss the opportunity to catch this timeless tale which will transform us all back to a time where clicking a pair of ruby slippers would show us what our own powers could do.
